During these unprecedented and uncertain times, our families are relying on MDA more than ever, and we are relying on our 67-year partnership with the IAFF to help give them hope during the COVID-19 crisis.

We are excited and thankful to work with the IAFF on this National initiative to virtually Fill the Boot to help keep vital services like research, support, and initiatives going for the families that we serve. MDA families are some of the most vulnerable during this crisis and we need from all Locals and all members to participate to help our families continue their fight!
