

## Gene Replacement Therapy in Practice: Considerations & Case Studies in Process

Release Date: November 20, 2023

End Date November 20, 2024

---

### Activity Overview

This Grand Rounds webinar with Bo Hoon Lee, MD and Erin Collins, Medication Access Manager, of the University of Rochester and Natalie Goedeker, CPNP, of Washington University in St. Louis will discuss practicalities, infrastructural needs, and their firsthand learnings from experience administering Gene Replacement Therapy (GRT).

### Target Audience

This activity is designed for an audience of pediatricians, pediatric nurses, nurse practitioners, pharmacists, and physician assistants.

### Learning Objectives

Upon completion of the educational activity, participants should be able to:

- Recognize and anticipate unique infrastructural needs for administering gene replacement therapies (GRT) for neuromuscular disease
- Identify specific opportunities for you and your care team to support patients receiving GRT
- Discuss how to locate resources to help integrate GRT into practice and/or support patients who receive GRT

### Criteria for Success

To obtain a certificate of completion, a score of 70% or better on the post-test is required. Please proceed with the activity until you have successfully completed this program, answered all test questions, completed the post-test and evaluation, and have received a digital copy of your certificate. You must participate in the entire activity to receive credit. There is no fee to participate in this activity. If you have questions about this activity, please contact AKH Inc. at [wendi@akhcme.com](mailto:wendi@akhcme.com).

**CE credit provided by AKH Inc., Advancing Knowledge in Healthcare.**

JOINTLY ACCREDITED PROVIDER™  
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by AKH Inc., Advancing Knowledge in Healthcare and MDA.
