

Together, we're creating a future where outcomes, not obstacles, define what's possible.

A Legacy of Scientific Innovation

MDA's longstanding commitment to understanding and treating neuromuscular disease has generated **breakthroughs** in genetic research, diagnostic methods, and the development of innovative therapies that were **once thought to be unachievable**.

Access to Comprehensive Care and Support

From the moment of diagnosis, MDA resources provide people with **access to a continuum of care**, ensuring that kids and adults living with neuromuscular disease can benefit from the highest standard of medical expertise and compassionate care.

Advocacy for a World Without Barriers

MDA's advocacy initiatives champion autonomy, fight workplace discrimination, and secure accessible healthcare for the neuromuscular disease community. MDA is dedicated to ensuring that **every voice** is heard, and **every right** is recognized.

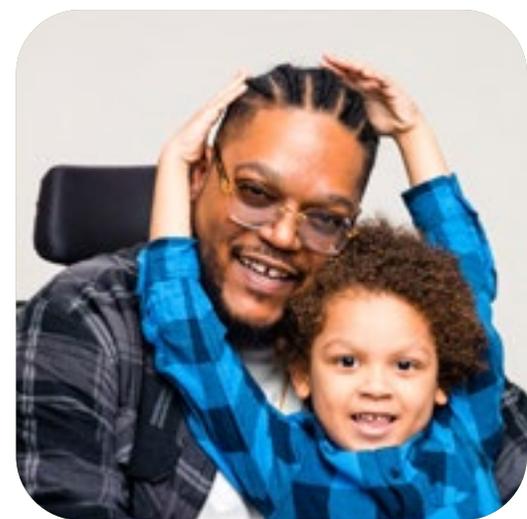

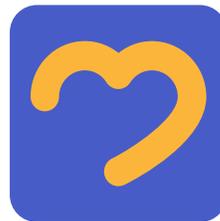

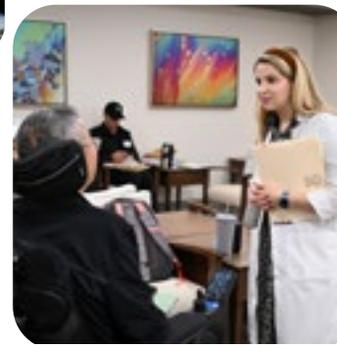

Building an Empowered Community

The MDA community is a place where people living with neuromuscular disease and their families find **connection, support, and strength**. Our community programs create a supportive environment where experiences, triumphs, and challenges are shared and celebrated.

300+ Diseases. One Mission.

Connect With Us

There are many ways you can support our mission, whether that's attending a local event, through volunteering or advocacy, or with a monthly gift. **Every action helps drive progress in research, expands access to care, and increases support for people living with neuromuscular diseases**. However you choose to get involved, you'll play a role in shaping a future with more possibilities.

2025 IMPACT: BY THE NUMBERS

SCIENTIFIC DISCOVERY

MDA provided support for **150 active research grants** and awarded **40 new grants** with the help of experts on our Research Advisory Committee.

6

new treatments approved by the FDA.

\$6M in neuromuscular disease research grants funded in 2025.

2,500+

scientists, clinicians and community members **convened** at MDA's Clinical & Scientific Conference.

CARE & SUPPORT

MDA's Resource Center **provided one-on-one support to 15,500+** people navigating neuromuscular disease.

70,000+

people served through MDA's nationwide **Care Center Network**.

14,000+ tune-ins to **expert-led** community education.
