

SEARCHLIGHT SUPPORT™ HELPS YOU ACCESS RADICAVA™ (EDARAVONE)

KEY STEPS TO RECEIVING RADICAVA™ (EDARAVONE)

1 TREATMENT DECISION: Patient visits healthcare provider (HCP), who determines whether RADICAVA is an appropriate treatment for him/her.

2 BENEFITS VERIFICATION: Before beginning treatment the patient's insurance coverage must be confirmed:

- HCP submits Benefits Investigation and Enrollment Form to connect patient to Searchlight Support. Forms (available at www.RADICAVA.com/HCP) can be submitted by the HCP online through a secure HCP portal, faxed or mailed.
- Searchlight Support conducts rapid benefits investigation to confirm patient insurance coverage and assigns a patient ID.
- A Care Coordinator from Searchlight Support can help the HCP's office identify a location for infusion service based on individual patient's insurance benefits and geographical proximity (ALS center, home infusion, physician's office, free-standing infusion center or hospital outpatient department).
- Case manager contacts patient to explain benefits and discuss co-pay support options.

3 SCHEDULING INFUSIONS: Patient or HCP office contacts infusion site or home infusion provider and schedules the first cycle of treatment.

4 RADICAVA ORDERED: Site of care submits order form with patient ID to Searchlight Support to obtain RADICAVA for scheduled treatment.

ONCE YOUR COVERAGE IS DETERMINED BY YOUR INSURER, YOUR PERSONAL CASE MANAGER CAN*...

Help qualify you for co-pay support for commercial insurance

Connect you to the Nurse Helpline to answer general product questions for you and your caregiver

Identify transportation options

Identify independent nonprofit organizations to help those on government insurance who cannot afford their co-insurance

Determine eligibility for Patient Assistance Program, for those without insurance

Find sites of care for infusion therapy
