MDA is dedicated to empowering people living with neuromuscular disease to achieve their potential. Leading the way, MDA works with partners in industry and institutions to advance care, accelerate research and advocacy, and unite the community.

For almost seven decades, firefighters like us across the country have been Filling the Boot on street corners to fight back against these diseases – and every year we've given millions of dollars to MDA to fund life-changing research and family services. We're hitting the streets to do it again, and while we're out there, you can help us fill our boots online.

Let's support families in our community so we can all grow stronger and live longer together. Thank you for your help!
